- lamp.
- Assemble Lava Lamp on a clean, smooth and stable surface. Plug the cable into the mains electricity and press the switch to switch on.
- It will take between 3 and 5 hours for the Lava Lamp to heat up for the first time. It will require less time to heat up on subsequent uses, depending on the room temperature.

composants. N'utilisez pas l'appareil si celui-ci présente des pièces endommagées ou ne fonctionne pas correctement. N'essayez pas non plus de les réparer vous-même. Contactez un technicien qualifié. Cet appareil ne convient pas aux enfants ou personnes ayant des capacités physiques, sensorielles et mentales réduites, à moins que ceux-ci soient surveillés par un adulte responsable de leur sécurité. Ce produit n'est pas un déchet domestique. Veuillez le recycler en suivant la réglementation locale en vigueur. Lisez les instructions avec attention avant la première utilisation. Conservez le manuel pour une consultation ultérieure. Veuillez jeter ce produit conformément à la directive européenne 2002/96/CE. Renseignez-vous sur la législation locale en matière de recyclage des produits électriques et électroniques. Ne pas jeter ce produit avec les ordures ménagères. Le respect de ces indications permet d'éviter des conséquences négatives pour la santé humaine et l'environnement.
